Handicap

To calculate the handicap for each player the following formula is used (200 - Average) * 75%.

Examples

(200 – 120) * 75/100 = 80 * 75/100 = 60
(200 – 150) * 75/100 = 50 * 75/100 = 37.5 = 38
(200 – 200) * 75/100 = 0 * 75/100 = 0

Blind

Blind is the score for absent players set on the score sheet. Blind score will be 120.

Number of Players

Every team competes with 4 players and has the right to change players at the start of a new game.

League Scores

- At every play, the teams can win 1 point for every game and win and 1 point for the pin totals (handicap is included).
- In case of a tie both teams win a half point.

League Champion

Is announced after the end of the last week of the League.
The Team with the higher total points won during League play and in case of a tie the team with the highest number of pins.

Moving to the Premier League

By the end of League, the champion team automatically moves to the Premier League for the next season. The Team placed 2nd competes with the Premier League's 7th Team in 2 Rounds of 3 games, the Team with the highest total pins wins its participation to the Premier League.
